Price and Specification

How to use this brochure

This brochure showcases some of the highlights of Vivaro. Please note that some of the vehicles shown include options available at extra cost and not all of the features described are available on every model. You can click through to our detailed Price and Specification Guide for all the latest details.

Carries British business

We have a long and rich history building light commercial vehicles in Britain. With 90 years of experience that has helped shape the way we build our vans today; vehicles that are tried, true, and have become iconic on British roads. And the bar's been set higher, with the recent of the all-electric Vivaro.

Movano joins updated versions of both Combo Cargo and Vivaro to complete a range that's innovative, hardworking and totally in tune with the wants and needs of British businesses. With over 100 Movano variations for every kind of job, from panel vans, chassis cabs, crew cabs and platform cabs to box vans, tippers, dropsides and passenger carriers.

Even better, not only do we build more commercial vehicles than any other UK manufacturer (more than 62,000 vehicles built in the last year), we've won over 30 major awards since 2015, given by the toughest judges in the industry. Need we say more?

Vivaro.
Carries British business

The Vivaro gives you more; more practicality, more choice, and more clever features than ever before.

With three versatile bodystyles – the Panel Van, Doublecab and Platform Cab – you'll find a Vivaro that works for you and your business. So, sit back and prepare to be impressed...

Made in Britain

Vivaro marks a proud almost 90 years of Vauxhall Motors building vans in Britain. Now, we're the UK's largest commercial vehicle manufacturer with over one million Vivaro-type vans built since production started in 2001.

Made in our Luton manufacturing facility, where recent investment has increased the annual production capacity to 100,000 vehicles, the Vivaro merges iconic design with engineering precision.

And just like every Vauxhall that leaves our production line, it's designed to perform, with a level of durability, practicality and comfort you'll struggle to find anywhere else.

Top of its class

Vivaro is built for business. It's designed from the ground up to deliver class-leading payload, flexible loadspace, and useful connectivity features.

And now, the availability of an all-electric powerplant takes it even further.

It all adds up to make Vivaro the benchmark vehicle in its segment.

Highlights

1 Experience a **best-in-class** all-electric powerplant with zero emissions, a range of up to **205 miles** and an 80% charge in just **30 minutes**.*

2 Enjoy an impressively useful maximum load volume of up to **6.6cu.m**, a load length of up to **4 metres** and a payload of **c1.4T.**

3 Turn the cabin into your own personal workspace with the multi-function front passenger bench seat with **fold-down table**.

*Provisional data.

Highlights

1. Striking design meets engineering precision.
2. All-electric power Panel Van and Doublecab with little or no compromise on payload and volume. **Best-in-class LCV electric operation.**
3. A superior, **car-like driving behaviour**, and state-of-the-art technology rarely found in commercial vehicles.
4. Highly efficient diesel engines ensure **competitive cost of ownership**.
5. Choose between **three bodystyles** to find the right Vivaro for your business needs.
6. Tailor your space with **two different body lengths**. Capable of taking up to three Euro pallets and 8x4 sheets.

Vivaro-e

Plug in work hard

The all-new, all-electric Vivaro gives you real-world commercial vehicle capabilities with little to no compromise. It leads the way with zero emissions, a 205 mile range and a seriously generous payload.

Vehicle range
up to 205 miles*

Payload
up to 1226kg*

*Provisional data. The Vivaro-e is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle payload and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

Run electric, no compromise

1. Charging options: Simple to charge, with a choice of two battery packs and a 7.5 kW on-board charger. You can even opt for a larger 11kW version and charge up in as little as 30 minutes at a DC rapid charger.*

2. Electric efficiencies: Substantial savings on fuel versus diesel models. Zero emissions mean no congestion charges in city centres. Cheaper to service and maintain. Up to 205 miles* with virtually no operating compromises.

3. Specific electric LCV connectivity: Monitor essential info using the in-cab 3.5-inch digital display. Set delayed charging cycles, search for charging stations and a set navigation route, all from a smartphone app.

4. Driving experience: A unique driving experience with car-like ride and handling. An exceptional 260Nm of torque and a powerful 136PS. And an automatic transmission with compact auto shifter plus the ability to switch between three driving modes: ECO, Normal and Power. The regenerative braking system also helps to recharge the batteries.

*Provisional data.

Vivaro Van

Design with purpose

Meet the clever features and practical solutions that make every working day in Vivaro easier. Twin sliding side-access doors as standard give you easy access to the load area, as well as the option to add electric hands-free opening. A clever feature that brings innovation to the class.

Foldable Front Seat

Fold up the base of the outer front seat to free up additional loadspace when you need it. That's **6.6cu.m** in total.

FlexCargo Load-through

Seat three comfortably up front or use the load-through bulkhead to **maximise load length** when carrying longer cargo (up to 4024mm to be precise).

Capacities

Cut down on journeys by carrying more each time, thanks to Vivaro's maximum **payload of c1.4T** and its ability to carry **8x4 sheets** or up to **three Euro pallets** with ease.

Vivaro Doublecab

Crew to carry?

The Vivaro Doublecab* has you covered. It boasts space for up to **six crew**, as well as a fully folding rear bench seat (on Edition models), giving you up to **5.5cu.m** of versatile loadspace should you need it.

Seating for
up to six crew

Load volume
up to 5.5cu.m

*Doublecab rear seating in both models is not equipped with ISOFIX child seat mountings.

Foldable rear bench with integrated bulkhead*

A generous load volume of **up to 4cu.m** can be **expanded to 5.5cu.m** by folding up the rear bench. This is complete with a folding steel-mesh bulkhead – a first for a van in this sector.

*Edition models only. Please note, Edition Doublecab model front and rear seats are now trimmed in Curitiba Grey cloth.

Integrated bulkhead

Folded bench

Fixed bulkhead with rear bench

Enjoy a load volume of up to **4cu.m** with room for three additional crew.

Intuitive technology

New Vivaro is packed full of features to ensure you stay in control and connected on the move. Innovative features such as head-up display and rear-view camera. Not to mention, Vauxhall Connect, Android Auto™, Apple CarPlay™ and an intuitive 7-inch touchscreen that puts everything at your fingertips; your phone contacts, phone maps and so on. To top it off, smart navigation with Multimedia Navi Pro gets you from A to B with ease.

1

1. Vauxhall Connect**

Peace of mind when you need it most with emergency or breakdown assistance at the touch of a button. Access to live navigation services and regular vehicle diagnostic info plus a host of remote convenience features available through the MyVauxhall App.

**Services may require a subscription/fee and are subject to mobile network coverage and availability. Live navigation services are included for 3 years and thereafter are subject to an additional subscription fee.

2. Rear-view Camera*

Reversing out of your driveway or into a tight parking space? Our clever 180° rear-view camera gives you an extra wide view of everything behind you.

*Optional on certain models.

2

3

3. Head-up Display*

Unique in the segment, head-up display projects vital info such as speed and cruise control settings right into the driver's line of vision.

*Optional on certain models.

Infotainment

Bluetooth® and DAB Radio

The audio panel is simple to use whether tuning to AM, FM or DAB radio stations or using Bluetooth® connectivity to stream music or make phone calls hands-free. All models also feature USB functionality.

Smartphone Projection

Apple CarPlay™ or Android Auto™ projects your smartphone onto a high-resolution 7-inch touchscreen and puts everything you need at your fingertips; contacts, music and phone sat nav.

Navigation System

A new generation voice-controlled 3D Connect Nav system that makes every journey easier, delivering connected services and real-time traffic information with TomTom Traffic.

Works with Apple CarPlay

androidauto

DAB digital radio

Apple CarPlay is a trademark of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc., also registered in the U.S. and other countries.
*In-car features should be used by drivers only when safe to do so. Drivers must be in full control of the vehicle at all times.

Your office on wheels

And as if it wasn't versatile enough, Vivaro's comfortable cabin can be transformed into your very own mobile office. With a fold-down table, a variety of practical storage solutions, and optional creature comforts such as air-con and climate control. That's everything you need to keep your business on track – day in, day out.

Storage solutions

Door pockets

No less than three separate storage pockets in both front doors, the largest perfect for holding large items like 1.5l bottles.

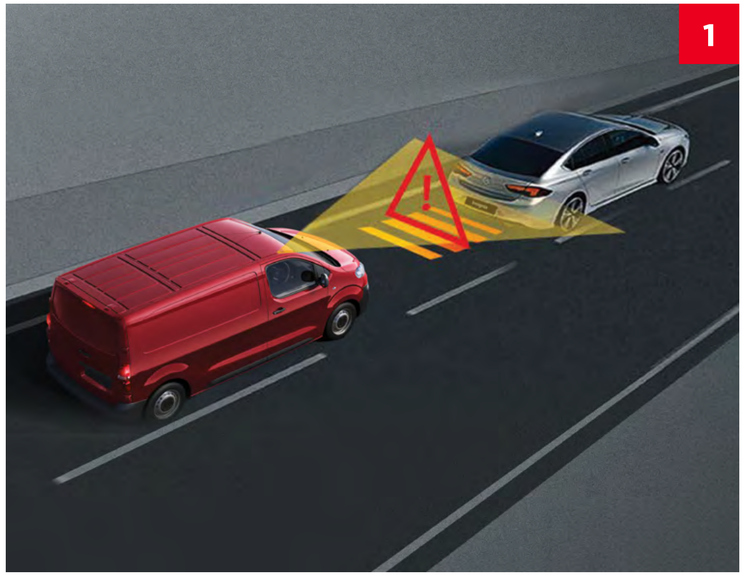

Passenger bench with integrated storage

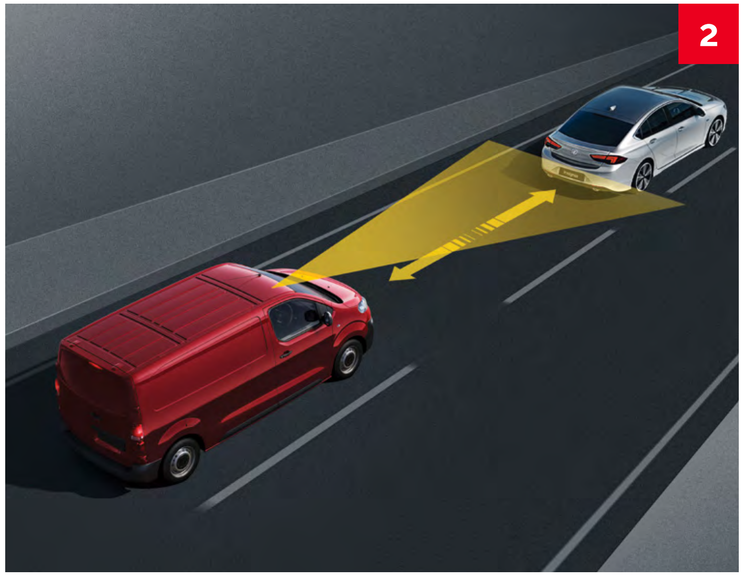

On Doublecab models there's additional storage volume underneath the front passenger bench, so you can stow work equipment and other valuable objects.

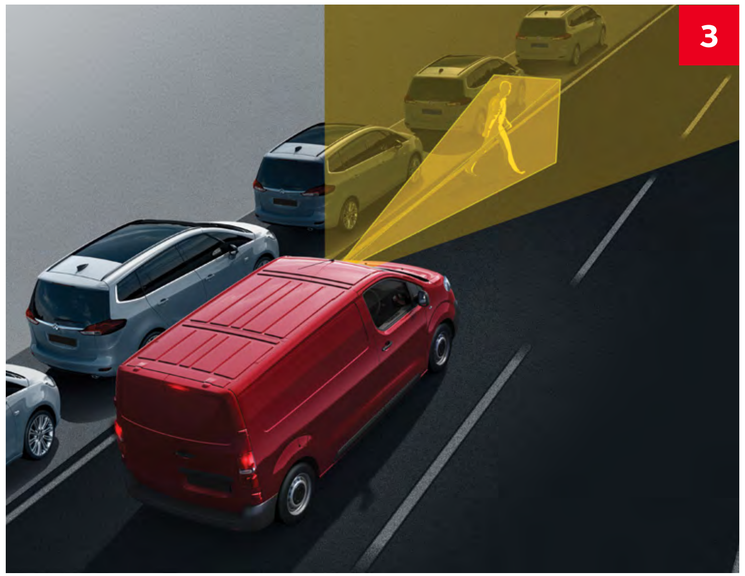

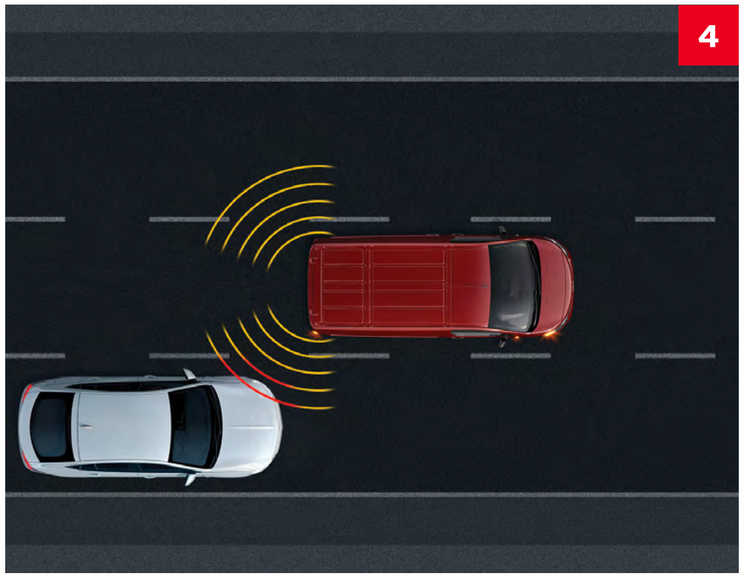

Dashboard storage

Lots of smaller items to stow? **With up to 14 different storage solutions** throughout the cabin and a glovebox with cooling function, the Vivaro has you covered.

Safety first

1. **Forward Collision Alert:*** Scans the road ahead to alert the driver to the potential for a collision with the vehicle in front.

2. **Semi-adaptive Cruise Control:*** Lowers your speed to maintain a set distance from the car ahead in traffic scenarios, and restores your previous speed when the road clears.

3. **Automatic Emergency Braking:*** Takes action to avoid an accident, applying the brakes automatically in case of a potential collision.

4. **Side Blind Spot Alert:*** Uses sensors and a visual projection on the wing mirror, alerting the driver to vehicles in your blind spot to prevent accidents in overtaking situations.

*Optional on certain models.

You're in good hands

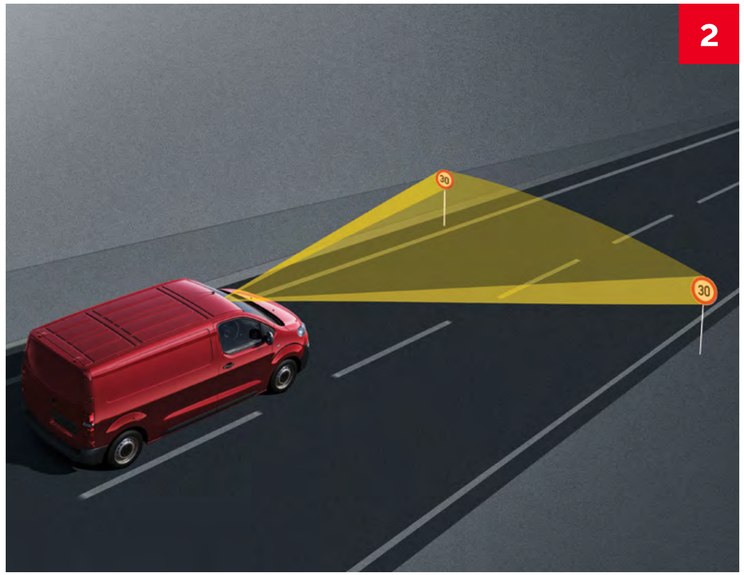

1. Driver Drowsiness Alert:* Monitors the time you've been behind the wheel and analyses your driving patterns via the front camera and steering wheel movements, letting you know when it's time to take a quick break.

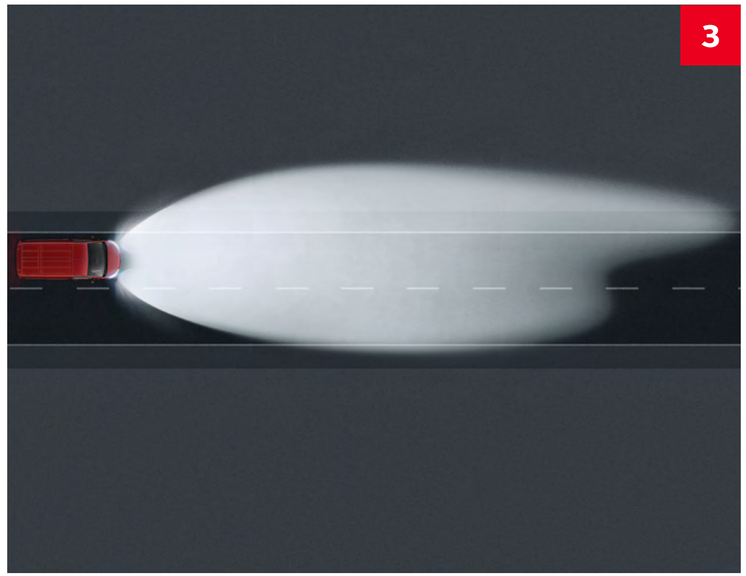

2. Speed Limit Adaptation:* Uses speed sign recognition to analyse changes in the speed limit. With one push of the memory button, allow the semi-adaptive cruise control to adjust your speed accordingly†.

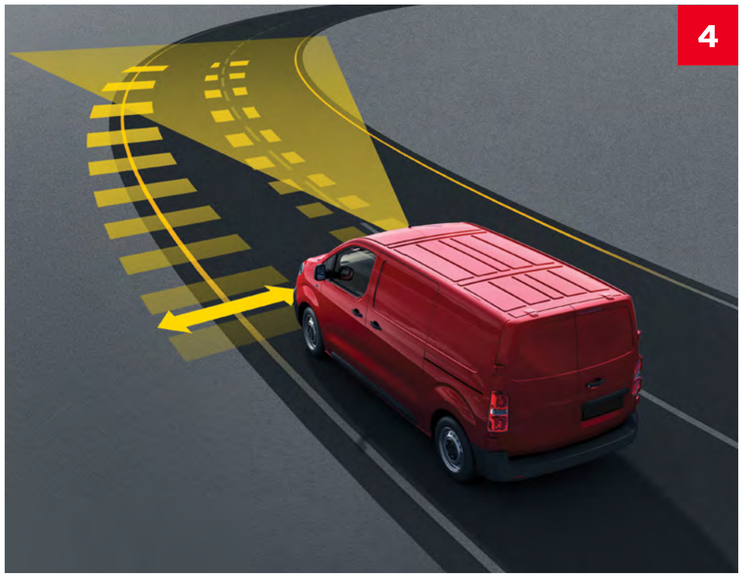

3. High Beam Assist:* Switches the headlamps between high beam and dipped beam automatically to avoid blinding other drivers.

4. Lane Departure Warning:* Recognises when the vehicle is drifting lanes and alerts the driver via audio and visual cue.

*Optional on certain models.
†On single and dual carriageways the speed limit for vans is 10mph less than for passenger cars.

Driveability

Car-like driving

Vivaro is as tough as a work van should be, yet smooth and refined, with a special car-like driveability that makes everyday driving a doddle.

Efficiency

Vivaro boasts a range of powerful yet frugal diesel engines and smooth transmissions, for low running costs, reduced emissions and maximum efficiency.

Fuel economy and CO_2[#] results for the New Vivaro diesel van range. Combined mpg (l/100km): 35.2 (8.0) – 44.8 (6.3). CO_2 emissions: 149 – 125g/km.

[#]Fuel consumption data and CO_2 emission data are determined using the Worldwide harmonized Light vehicles Test Procedure (WLTP), and the relevant values are translated back to allow the comparability into NEDC, according to regulations R (EC) No. 715/2007, R (EU) No. 2017/1153 and R (EU) No. 2017/1151. The values do not take into account in particular use and driving conditions, equipment or options and may vary depending on the format of tyres. For more information on official fuel consumption and CO_2 emission values, please read the guidelines at http://vanfueldata.dft.gov.uk/

Get to grips...

...with the Vivaro's Worksite Pack. Together with the IntelliGrip system, it raises your suspension by 25mm, giving you more grip and better control on hard and uneven surfaces. Also included is an under-engine cover plate to prevent damage to your van.

Driving features

IntelliGrip

The Vivaro's IntelliGrip system provides extra levels of traction on difficult surfaces such as mud, sand or snow.

Eight-speed Auto

A smooth and ultra-efficient eight-speed auto will take you further for less.

Sit back, relax...

And get comfortable in the Vivaro's spacious cabin. With seats designed for perfect ergonomic support across even the longest of journeys.

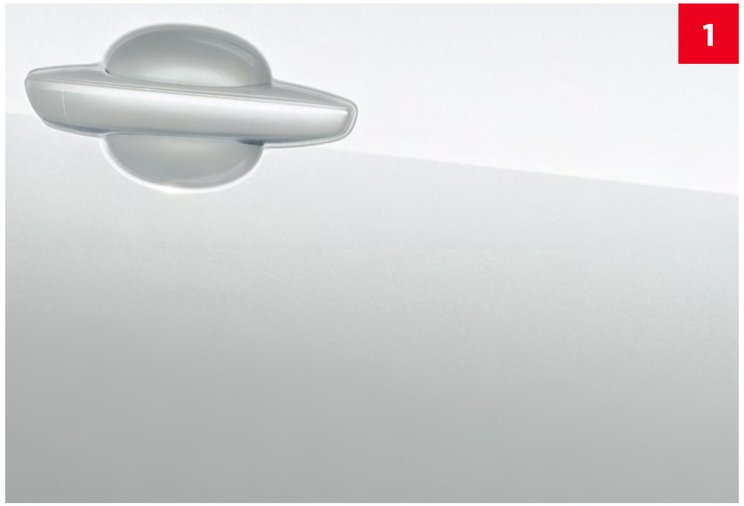

All models feature black vinyl seats with Curitiba fabric inserts.

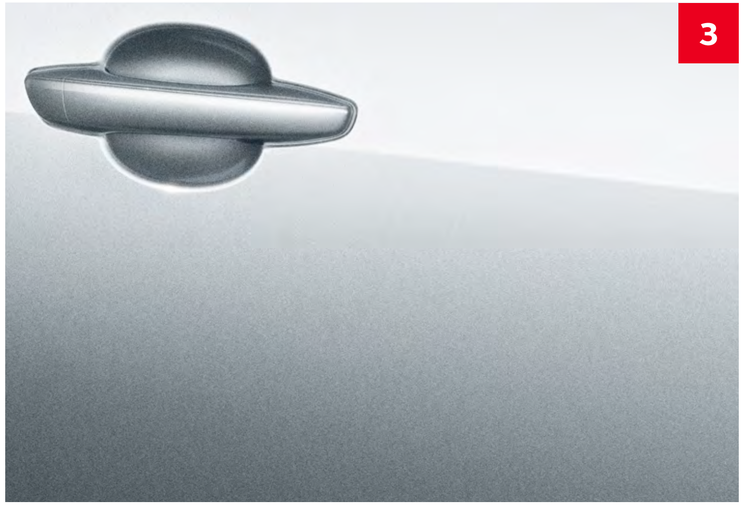

Colours

Look the business on and off the road with a choice of four colours.

1. Jade White
2. Diamond Black Metallic
3. Quartz Silver Metallic
4. Moonstone Grey Metallic

Accessories

Take your van's practicality to the next level with our range of genuine accessories.

1. Floor mats
2. Towing hitches with ball
3. Towing hitches with ball
4. Roof crossbars
5. Roof racks
6. Load compartment protection kit/floors
7. Wind deflectors

Let’s wrap it up

Vivaro is built to drive your business forward. With class-leading efficiency, including an all-electric powertrain, stacks of clever features and practical solutions that make your van work even harder.
